To whom so ever it may concern

We have installed two Drag Chain Conveyors of below specification supplied by M/s Rud India, Thane (W), Mumbai in February-2014.

Equipment : Drag Chain Conveyor  
Model/type : Two strand, forged link 142 mm pitch, breaking load 450 KN  
Capacity ; 120 TPH  
C/C distance : 36500 mm  
Application : Conveying Light Soda Ash to Soda Ash Cooler

These conveyors are working satisfactory since installation; we also appreciate service support provided by M/s Rud India.

Regards,

R K Sharma
